MEMORANDUM FOR: Secretary, Intelligence Advisory Committee

FROM: Chairman, NIS Committee

SUBJECT: Proposed Revisions of Part I, Tab A,
of IAC-D-45/12 (Revision 5) dated
15 September 1955

135

1. For production purposes the NIS Committee has found it necessary to divide some NIS Areas to treat with special situations within these areas, and to apply new segmented area designations to the various segments. Some of the areas listed in Part I, Tab A, of IAC-D-45/12 (Revision 5) are affected, which necessitates its revision to bring it into conformity with the new area designations.

2. The NIS Committee also considered other factors having a bearing on the list of controlled areas contained in Part I, Tab A, with a view to making such additional changes as might be warranted in the light of new situations affecting these areas. Decision was reached that:

a. NIS Area 38 (Burma) should be removed from the list of NIS Areas controlled in their entirety since the basis for applying the control initially is no longer valid.

b. NIS 50C (French West Africa, Togo, and Spanish Sahara) which is a segmented part of the area now controlled in its entirety under the designation of NIS 50 (West Africa), should not be included in the Part I, Tab A listing, since [REDACTED] are not a factor in this area from a control standpoint.

3. In view of these considerations the NIS Committee recommends that the Intelligence Advisory Committee approve amendment of Part I, Tab A, of IAC-D-45/12 (Revision 5) dated 15 September 1955, as set forth in the attachment hereto.
